WE DELIVER TO YOUR DOOR...

Town & Country has a Showroom/Factory in Adelaide and we send mattresses and beds every day, all over Australia.

Our customers shop around their local bedding retailers to find the mattress they like then they call us because we supply the same thing (only with a removable, washable, antibacterial, "Natural Silver Thread" Cover) for around \$500 to \$1500 cheaper!

Memory Foam

We specialise in Dunlop Viscoflex/Enduro (Space Age Memory Foam, similar to Tempur & Wenatex) Mattresses, Queen **\$999** with a cotton cover, or **(\$1190** with Natural Bamboo cover), and King size for **\$1650**, with a Bamboo cover.

If you like the feel of the Tempur, which is made of "higher density" memory foam, we can make the Dunlop version – the "V-2 mattress" – Queen **\$1680** and King **\$1995**, (both with natural Bamboo fibre covers).

Sleep Supreme

For a softer feel add to your Latex mattress 2 inches of "Soft Natural Latex" or 2 inches of "Dunlop Viscoflex Memory Foam". This "Sleep Supreme" mattress is reversible – you can sleep on both sides – the memory foam being a softer feel and the latex side being firmer. A Natural Latex core is cooler for sleeping compared to a Memory Foam core.

Town & Country offers a 48 hour changeover Satisfaction Guarantee – so with a two in one mattress, you can't go wrong!

Prices: Queen **\$1975**, King **\$2450**.

Natural Latex

We also make Natural "Latex Gold" Mattresses or "Belgian Latex", which are both made with 100% natural, pure latex for Queen **\$1775**, King **\$2250**.

(Most retailers sell "high quality" Natural Latex Mattresses for **\$3500** to **\$4400**).

BEWARE OF CHEAP IMPORTS!

A lot of cheaper Asian mattresses are made with synthetic hardeners; however this type deteriorates within a few years and can emit toxic gas. By comparison Latex Gold® (which has been manufactured since 1910) and Belgian Latex will last you more than 30 years.

Removable Covers

We highly recommend you purchase a “Natural Latex or Memory Foam” mattress with a **removable cover**.

If you can't open the cover how do you know what's inside?

Unlike Town & Country mattresses, most Latex and Memory Foam mattresses are built up in size by packing them with cheap polyurethane foams that sag within a few years.

Another important factor is hygiene. Natural Latex and Memory Foam will resist dust mites and bacteria, but the mattress covers will not!

You can avoid these hygiene issues by washing your removable cover once every 12 months, giving your mattress and your health a fresh new lease on life!

For more information regarding the health benefits of our removable covers please click here www.x-staticfiber.com/

An optional upgrade to our covers is our temperature control Blizzard covers to keep you cool in summer and warm in winter please see details at: <http://www.outlast.com/index.php?id=95&L0>

Finally, Town & Country covers are superior to quilted non-removable covers because quilted covers can disguise the feel of the top layer. The closer you are to the memory foam, the better your mattress will work!

Most shops sell the same style of mattresses we make but normally far more expensive with an inferior non-removable covers.

If you visit Snooze (or Captain Snooze) they sell the Sleepmaker brands and their models are called: Euphoria (Dunlop Viscoflex / Enduro Foam), Renew (Natural Latex/ Dunlop Viscoflex) and Revitalise (Natural Latex with soft top Latex).

Also, Harvey Norman sells the Sleepmaker Innergetic (latex) and the Nassau, which are similar to Town & Country mattresses.

WHAT OUR CUSTOMERS ARE SAYING ABOUT US

Hello,

We received our mattresses in good order on Friday last week. This is the second time we have purchased from your business and I'm sure it won't be the last.

The mattresses are fantastic, the custom made one fits perfectly. Thank you for providing such a **friendly, fast and efficient service** and great, high quality products.

Regards,

Lynne Chillemi.

Dear Steve,

This is to let you know that our bed has arrived and is now in service with us.

We would like you to know that **we are delighted with the bed and with the service we have received from you and your company.**

The massager is amazing (I have difficulty in wiping the perpetual smile off my wife's face!).

Also we were particularly grateful for the way that your firm packed the bed for transportation to Tamworth. It arrived in first class condition.

We would therefore be very pleased to recommend your firm to any of our friends and acquaintances.

Yours Sincerely,

Warren & Helen Short

Tamworth, N.S.W.

Just a quick email to say how happy we are with the mattress and the service.

We received the bed the next day in Melbourne! Our local bedding retailer quoted us 10 days delivery!

We also saved over \$800 on their "specials price."

I hope my next internet purchase goes as well as this, and I will be recommending you to our family and friends.

We've now slept on it for a week and I'll never go back to inner-spring again.

Feel free to pass on this email for a testimonial if you wish.

Thanks again,

Xavier

Maidstone, Melbourne.
